Councillor Sam Goldbloom, B.A.  
Councillor Ruth Kovac, B.A.  
Councillor Allan J. Levine, B.Sc., M.A., DPLI

ALSO PRESENT:

Ms. Tanya Abramovitch, City Manager  
Ms. Nadia DiFuria, Associate City Manager  
M<sup>e</sup> Jonathan Shecter, City Clerk, acted as Secretary of the meeting

**QUESTION PERIOD**

---

The question period started at 8:00 p.m. and finished at 8:29 p.m. Four (4) people asked to speak and they were heard.

1) Rhoda Albert

The resident complained that there is garbage at the Municipal Snow Dump to which Mayor Housefather responded that the Public Works Department can look in to her complaint and follow up.

2) Irving Itman

The resident stated that the lawn of the property slated for demolition at 5640 Hudson requires maintenance to which Mayor Housefather explained that if the property will indeed be demolished shortly, then the point may be moot.

The resident then inquired regarding whether there was a ban in Côte Saint-Luc regarding pesticide-use on golf courses to which Mayor Housefather stated that the resident should feel free to follow up on that question with the City Clerk.

The resident then inquired regarding the logistics of an information session at City Hall concerning Hydro Quebec Smart Meters for which Mayor Housefather explained the logistics of the issue and the information session.

The resident then went on record as stating that everyone he has spoken to who attended the Côte Saint-Luc Dramatic Society's performance of Fiddler on the Roof thoroughly enjoyed the Play.

3) Dr. Bernard Tonchin

The resident called upon Council to enforce its by-laws concerning the proper maintenance of lawns. He then requested that the garbage strewn all over the snow dump be cleaned up to which Mayor Housefather responded that the Public

Works Department can send a cleaning crew to follow up regarding the snow dump.

4) Dimitra Perros

The resident wished to contest the refusal by the City to install a No Parking sign in front of her immovable on Rosedale. She argued that the sign was necessary as she has limited room to access her sloped driveway and has excessive difficulties maneuvering in and out of her driveway which becomes slippery in winter-time. She further stated that given the location of her house (near a large, multi-family dwelling) and the specificity of her driveway (which is sloped), a No Parking sign in front of her house is required. She then stated that the City has lacked empathy and did not thoroughly study her decision.

Mayor Housefather and Councillor Berku both then reassured the resident that the City gave the resident's request due consideration. Both explained that the matter was carefully vetted not only by the Engineering Department's staff but by the entire Transportation Committee. Councillor Berku then stated that she personally visited the location and is often in the vicinity of the area so she thus knows it well. She then further explained that after reviewing the matter, it would not be in the best interests of the City to grant her request. She did then state that Director Charles Senekal is however looking into the feasibility of shortening the overall No Parking area on the resident's street thus potentially not rendering the space in front of her immovable as the first available parking space (closest to the Multi-family dwelling).
