All you need is a regular home phone. You will hear an interesting discussion each day. It's like listening to the radio... on your home phone. It's a free call.

Frequently asked questions

I heard there is a drive-through testing site for COVID-19 in Côte Saint-Luc. How do I get tested?

The Integrated Health and Social Services University Network for West-Central Montreal (CIUSSS West-Central Montreal) launched the drive-through testing site on Sunday, March 29. Do **not** visit the testing site without an appointment.

To get an appointment, call 1-877-644-4545.

Can I host a dinner at home that includes people who don't live at my home?

No. For the health and safety of all, the Quebec government has prohibited indoor and outdoor gatherings. This includes private birthday gatherings, Passover seders, Easter dinners, and other springtime religious and cultural celebrations. We encourage people to use video conferencing apps, such as Facetime, Google Hangouts, Skype and Zoom, or even a telephone.
